9 May 1986

MEMORANDUM FOR: Chief, Arms Control Intelligence Staff
FROM: Director of Central Intelligence
SUBJECT: STAP SDI Working Group Report

1. I think this is a very valuable paper which the STAP did on intelligence implications of SDI. I would like for you to prepare a letter which I could address to the members of the working group expressing appreciation and saying what can be said in an unclassified way about the value of their work to us and some preliminary thoughts on followup implications and steps. Get inputs on this from Evan Hineman, Larry Gershwin and [redacted]

25X1

2. Also, the Acting Science Advisor to the President asked me to take a briefing from one of his associates, Lt. Colonel Joseph Bailey, on Monday. He also asked me to assign someone to work with the SDI group. I received a call from Bailey this morning; I understand we have [redacted] working with that group. I want to be sure that we have adequate technical expertise on it. I'm thinking of [redacted] and his people. I'd like to hear about this, too.
